

# Mission

---

“ACCV exists to promote, encourage and assist the health and care needs of the aged and community care clients and support its members in a professional and ethical manner, to provide accurate relevant information, services and advice and to provide leadership in the aged and community care sector”

# Vision

---

is the influential voice for aged and community care in Victoria

contributes positively to the improvement of aged and community care practice

presents information in a meaningful and credible manner

makes a positive contribution to the improvement of aged and community care practice on a national level

# Values

---

- Professionalism, openness, objectivity, integrity and adherence to high ethical standards;
- The diversity and individuality of its members;
- The willingness of individual member organisations to contribute to the aged and community care sector; and
- Commitment to the enhancement of skills and expertise both within ACCV and within its member organisations

**The Association promoting Quality Care**
